We Invite You to Our First Production Sale

After many years we feel that we are producing a kind of cattle that today's cattlemen need. They are proven producers. They have performance where it counts, in the feed lot and on the rail.

These cattle are bred to our herd bulls that represent the best bloodlines in the Shorthorn breed today. You will like their gainability, productivity and saleability.

As we are now producing more than we can conveniently sell at private treaty, we are offering the best we have for your consideration. Our tail enders have already been sold.
